Google and Yelp reviews are replete with many 5-star reviews, raving about Dr. Richland's meticulous attention to detail, commitment to extreme excellence, and impeccable reputation.

One 5-star review reads, "I had the most excellent experience with Dr. Richland! Great surgery results. Very patient with all my questions and concerns. Super calm demeanor. Encouraging and supportive during the recovery weeks. And the most-friendly office staff ever!"

### SERVICES OFFERED

Dr. Richland's extensive training and modern approach in performing advanced natural plastic surgery techniques limit scarring and leave patients looking both refreshed and rejuvenated. His office offers:

#### BODY PROCEDURES & POST-PREGNANCY

- Body Contouring
- Liposuction & Tummy Tuck
- Hidden Scar Tummy Tuck™
- Mommy Makeover
- Menopause Makeover™
- Renuvion Skin Tightening

Dr. Richland's journey into this field is driven by his passion to help women regain their confidence and beauty. Women trust his compassionate care and ability to help them look and feel their absolute best!

"Through my trademarked Hidden Scar Tummy Tuck™, I perform an ultra-low incision that can be hidden when wearing even the smallest bikini or intimate wear," Dr. Richland says. "Additionally, I perform extra muscle tightening to help repair and tighten stretched abdominal muscles, resulting in a flatter stomach and more of an hourglass figure."

#### BREAST & FACIAL PROCEDURES

- Augmentation
- Revision & Reduction
- Gynecomastia
- Fat Transfer Breast Augmentation
- Facial Fat Transfer
- Chin Augmentation & Liposuction
- Breast Lift w/Implants

- Reconstructive Surgery

"You want to be able to look and feel your best without it being obvious that you've had 'work' done," says Dr. Richland, who also performs surgical revision of past procedures and breast reconstruction after cancer removal.

For implant placement, Dr. Richland uses the no-touch Keller Funnell Technique, which results in minimal breast tissue trauma and reduces the risk of complications. He specializes in using the Natural Internal Bra Technique™, which employs the body's tissue to create support for breast tissue and/or an implant. It creates a longer-lasting aesthetic result, while also avoiding the risks associated with mesh.
